	Bonus per contact 40 @ 5 pts	200	"	"	
	Total	450			450
				Total--	2490

1959 CQ WAZ Contest (CW) Place

(Note: I entered this contest and submitted my log to CQ. I do not know of any other locals who have submitted scores in this contest to MRAC. I may therefore be eligible for 1st place or down to 5th place. If 1st place my MRAC points for this contest would be 500 plus 100 bonus points, or downgraded to 5th place my MRAC points would be 100 plus 100 bonus points.(same basis as ARRL DX contest). Therefore my MRAC points for this contest could be anything from 200 to 600,which when added to the above total will make my final score that much greater.

2490

Plus 600

Final score 3090

Russell E. Burss, W9RKP
